

Risk Assessment – Return to the workplace in connection with COVID-19

Location: Temple Court, 13a Cathedral Road, Cardiff, CF11 9HA

Date: 10 March 2022

Expected Attendance: Colleagues / Contractors / Public

This Risk Assessment sets out the potential hazards and controlling measures to be undertaken in connection with the Governments publication – ‘Working safely during COVID-19 in offices and contact centres: Guidance for employers, employees and the self-employed’

This assessment has been written to outline the safety arrangements and controls that the NMC will use to control the potential spread of coronavirus within the office environment during a limited phased re-population. It covers colleagues and others who are critical for business and operational continuity, safe facility management, regulatory requirements and other approved functions.

Potential Hazard	Who is at Risk?	Uncontrolled Risk	Existing Control Measures	Additional Control Measures	Controlled Risk	Comments
Transmission of coronavirus through close contact with others	Colleagues Contractors Public	High	Office buildings are less populated reducing contact Colleagues/contractors provided with information and guidance of new processes and procedures <ul style="list-style-type: none"> lifts staircases available 	Plans and signage in place on floors and walls, as necessary Mobile screens in place for hearings to allow for 1m+ social distancing with mitigation measures in place Contractors to provide Risk Assessment/Method Statement (RAMS) for their	Medium	Allowance made for those with medical or other reasonable adjustment needs.
