Interim Order Directed: Interim suspension order (18 months)
Decision on Interim Order

The panel considered this case carefully and decided to make an interim suspension order for a period of 18 months.

Unless Ms Dodds’ case has already been concluded or there has been a material change of circumstances, a panel will review the interim suspension order at a review meeting within the next six months and every six months thereafter. A panel will be invited by the NMC to confirm the interim suspension order at this meeting and Ms Dodds will be notified of the panel’s decision in writing following that meeting.

Where there has been a material change of circumstances that might mean that the order should be revoked or replaced, or there has been a request for an early review, a panel will review the interim order at a hearing which Ms Dodds will be invited to attend in person, send a representative on their behalf or submit written representations for the panel to consider. At any such review hearing the panel may revoke the interim order, it may confirm the interim suspension order or it may replace it with an interim conditions of practice order.

This decision will be confirmed to Ms Dodds in writing.

The NMC Case Examiners are yet to decide whether there is a case to answer in relation to the allegations made against Ms Dodds. The NMC will write to Ms Dodds when the case is ready for the next stage of the fitness to practise process.

That concludes this determination.
