Interim Order to be reviewed: Interim suspension order
Outcome of Review: Interim suspension order continued
The panel is satisfied that, in the particular circumstances of this case the continuation of the interim suspension order for 18 months from 24 June 2019 is appropriate and proportionate.

Unless your case has already been concluded or there has been a material change of circumstances, this interim order must be reviewed at a review meeting every six months. The panel will be invited by the NMC to confirm the interim order at this meeting and you will be notified of the panel’s decision in writing following that meeting.

Where there has been a material change of circumstances that might mean that the order should be revoked or replaced, or there has been a request for an early review, the panel will review the interim order at a hearing which you will be invited to attend in person, send a representative on your behalf or submit written representations for the panel to consider. At any such review hearing the panel may revoke the interim order, it may confirm the interim suspension order or it may replace it with an interim conditions of practice order.

You should notify the NMC immediately of any material change of circumstances that may affect the interim order.

This decision will be confirmed to you in writing.

The NMC Case Examiners are yet to decide whether there is a case to answer in relation to the allegations made against you. The NMC will write to you when the case is ready for the next stage of the fitness to practise process.

That concludes this determination.
