Decision and reasons on interim order

The panel decided to make an interim conditions of practice order for a period of 18 months.

'For the purposes of these conditions, 'employment' and 'work' mean any paid or unpaid post in a nursing, midwifery or nursing associate role. Also, 'course of study' and 'course' mean any course of educational study connected to nursing, midwifery or nursing associates.

4. *You must send a report from your supervisor/clinical mentor to the NMC before any NMC review hearing or meeting, that sets out the standard of your clinical practise with a specific focus on medical administration and management.*
5. *You must keep the NMC informed about anywhere you are working by:*

 - b) *Any investigation started against you.*
 - c) *Any disciplinary proceedings taken against you.*
9. *You must allow your case officer to share, as necessary, details about your performance, your compliance with and / or progress under these conditions with:*
- a) *Any current or future employer.*
 - b) *Any educational establishment.*
 - c) *Any other person(s) involved in your retraining and/or supervision required by these conditions*

Unless your case has already been concluded, this interim order must be reviewed before the end of the next six months and every six months thereafter. Additionally, you or the NMC may ask for the interim order to be reviewed if any new evidence becomes available that may be relevant to the interim order.

At any review the reviewing panel may revoke the interim order or any condition of it, it may confirm the interim order, or vary any condition of it, or it may replace the interim conditions of practice order with an interim suspension order.

The NMC Case Examiners are yet to decide whether there is a case to answer in relation to the allegations made against you. The NMC will write to you when the case is ready for the next stage of the fitness to practise process.

This will be confirmed to you in writing.

That concludes this determination.
