## Decision and reasons on interim order

The panel decided to make an interim conditions of practice order for a period of 18 months.

The panel has determined that the following conditions are proportionate and appropriate:

*'For the purposes of these conditions, 'employment' and 'work' mean any paid or unpaid post in a nursing, midwifery or nursing associate role. Also, 'course of study' and 'course' mean any course of educational study connected to nursing, midwifery or nursing associates.*

- c. Any other person(s) involved in your retraining and/or supervision required by these conditions

Unless Mrs Chambers' case has already been concluded, this interim order must be reviewed before the end of the next six months and every six months thereafter. Additionally, Mrs Chambers or the Nursing and Midwifery Council (NMC) may ask for the interim order to be reviewed if any new evidence becomes available that may be relevant to the interim order.

At any review a panel may revoke the interim order or any condition of it, it may confirm the interim order, or vary any condition of it, or it may replace the interim conditions of practice order with an interim suspension order.

The NMC Case Examiners are yet to decide whether there is a case to answer in relation to the allegations made against Mrs Chambers. The NMC will write to Mrs Chambers when the case is ready for the next stage of the fitness to practise process.

This will be confirmed to Mrs Chambers in writing.

That concludes this determination.
