Rule 19 from the Consensual Panel Determination (CPD) agreement

The panel took into consideration that the provisional CPD agreement reads as follows:

'Preliminary issues

- 1. The parties make joint application for the entirety of the hearing to be held in private in terms of Rule 19.*
- 2. The proper consideration of this case will involve extensive exploration of Ms Lloyd's health. As this is central to the case, it will be difficult to separate out those areas of evidence which are required to be in private and the parties agree there is no public interest in the details of Ms Lloyd's health being made public.'*

The panel therefore determined to hold the entirety of the hearing in private.
