Decision and reasons on interim order

The panel decided to confirm the current interim conditions of practice order.

The panel was of the view that the public would remain suitably protected by the continuation of the following conditions:

For the purposes of these conditions, 'employment' and 'work' mean any paid or unpaid post in a nursing, midwifery or nursing associate role. Also, 'course of study' and 'course' mean any course of educational study connected to nursing, midwifery or nursing associates.

1. You must limit your nursing/midwifery practice to one single employer. This must not be an agency or bank.
2. You must ensure that you are supervised by a registered nurse/midwife any time you are working. Your supervision must consist of:
 - a) Working at all times on the same shift as, but not always directly observed by, a registered nurse/midwife.
 - b) Direct supervision in medication management until you have been assessed as competent by a registered nurse/midwife.
3. You must have monthly meetings with your line manager/mentor/supervisor to discuss your performance with particular regard to:
 - Record keeping.
 - Being proactive in raising concerns ("speaking up").
4. Prior to any NMC review, you must obtain a report from your line manager/mentor/supervisor regarding your compliance with these conditions, particularly Conditions 2 and 3.
5. You must keep the NMC informed about anywhere you are working by:

- a) Telling your case officer within seven days of accepting or leaving any employment.
 - b) Giving your case officer your employer's contact details.
6. You must keep the NMC informed about anywhere you are studying by:
- a) Telling your case officer within seven days of accepting any course of study.
 - b) Giving your case officer the name and contact details of the organisation offering that course of study.
7. You must immediately give a copy of these conditions to:
- a) Any organisation or person you work for.
 - b) Any employers you apply to for work (at the time of application).
 - c) Any establishment you apply to (at the time of application), or with which you are already enrolled, for a course of study.
8. You must tell your case officer, within seven days of your becoming aware of:
- a) Any clinical incident you are involved in.
 - b) Any investigation started against you.
 - c) Any disciplinary proceedings taken against you.
9. You must allow your case officer to share, as necessary, details about your performance, your compliance with and / or progress under these conditions with:
- a) Any current or future employer.
 - b) Any educational establishment.
 - c) Any other person(s) involved in your retraining and/or supervision required by these conditions.

Unless your case has already been concluded, this interim order must be reviewed before the end of the next six months and every six months thereafter. Additionally, you or the NMC may ask for the interim order to be reviewed if any new evidence becomes available that may be relevant to the interim order.

At any review, the reviewing panel may revoke the interim order or any condition of it, it may confirm the interim conditions of practice order, or vary any condition of it, or it may replace the interim conditions of practice order with an interim suspension order.

In certain circumstances, it may be possible for the interim conditions of practice order to be reviewed by a reviewing panel at an administrative meeting. Your case officer will write to you about this in due course.

The panel noted that you have now received the Case Examiner's recommended undertakings, and you stated that you would like to proceed, requesting clarification from the NMC regarding the next stages.

This will be confirmed to you in writing.

That concludes this determination.
