Agreed Removal Decision

Registrant: Lisa Fairweather

PIN: 07B0693E

Part(s) of the register: Registered Nurse - Adult Nursing

Relevant Location: Tyne and Wear

On 28 November 2024 we received a referral raising a concern about Lisa Fairweather's fitness to practise.

The referral gave rise to a concern that Lisa Fairweather has a health condition capable of impairing her fitness to practise.

The matter was referred to the case examiners, but we haven't yet completed our investigation. No allegation against Lisa Fairweather has yet been found substantively proved by one of our statutory committees.

On 6 April 2025 we received an application from Lisa Fairweather for agreed removal from the NMC register. On 13 May 2025 we refused the application because we hadn't completed our investigation. On 4 September 2025 we received further information and reconsidered Lisa Fairweather's application for agreed removal.

ASSISTANT REGISTRAR'S DECISION

As an Assistant Registrar, I have delegated authority to make decisions about agreed removal and have agreed to removal from the NMC register in this case.

In accordance with Rule 14 of the Nursing and Midwifery Council (Education, Registration and Registration Appeals) Rules 2004, in considering Lisa Fairweather's application for agreed removal, I've taken into account:

- comments received from the person that made the allegation against Lisa Fairweather
- documents obtained in the course of our investigation
- the interests of Lisa Fairweather
- the public interest.

I'm satisfied that:

- Lisa Fairweather no longer intends to work as a registered nurse
- the allegations against Lisa Fairweather aren't likely to result in a striking-off order

- there's enough information to understand the full extent of the concerns and make a decision about the seriousness of the concerns
- there are no other good reasons requiring us to consider the allegations further at this time
- the public interest is best served by agreeing the application for removal and enabling Lisa Fairweather to leave the NMC register.

We'll publish a record of this decision for twelve months from the date of the decision, **3 November 2025**. In the event that Lisa Fairweather seeks readmission to the register, we may consider the matters that led to this agreed removal further.
