Agreed Removal Decision

Registrant: Kirsty Nation

PIN: 06G1204E

Part(s) of the register: Registered Nurse - Adult Nursing

Relevant Location: Cambridgeshire

On 28 July 2023 we received a referral raising a concern about Kirsty Nation's fitness to practise. It's alleged that Kirsty Nation has a health condition capable of impairing her fitness to practise.

We investigated the issue and the matter was referred to the Fitness to Practise Committee. No allegation against Kirsty Nation has yet been found substantively proved by one of our statutory committees.

On 1 September we received an application from Kirsty Nation for agreed removal from the NMC register.

ASSISTANT REGISTRAR'S DECISION

As an Assistant Registrar, I have delegated authority to make decisions about agreed removal and have agreed to removal from the NMC register in this case.

In accordance with Rule 14 of the Nursing and Midwifery Council (Education, Registration and Registration Appeals) Rules 2004, in considering Kirsty Nations' application for agreed removal, I've taken into account:

- Documents that were considered by the Case Examiners and the reasons for their decision.
- the interests of Kirsty Nation
- the public interest.

We sought to contact the person who made the allegation against Kirsty Nation for their comments on the application for agreed removal. No comments were received within a reasonable period.

I'm satisfied that:

- Kirsty Nation no longer intends to work as a registered nurse
- the allegations against Kirsty Nation aren't likely to result in a striking-off order

- there are no other good reasons requiring us to consider the allegations further at this time
- the public interest is best served by agreeing the application for removal and enabling Kirsty Nation to leave the NMC register.

We'll publish a record of this decision for twelve months from the date of the decision, **17 November 2025**. In the event that Kirsty Nation seeks readmission to the register, we may consider the matters that led to this agreed removal further.
