Agreed Removal Decision

Registrant: Carol Arnill

PIN: 07B1670E

Part(s) of the register: Registered Nurse - Adult Nursing

Relevant Location: Devon

On 24 December 2024 we received a referral raising a concern about Carol Arnill's fitness to practise.

It's alleged that between September and November 2024 Carol Arnill failed to demonstrate the standards of skill and judgement required to practise as a Band 5 nurse in the following areas:

- medication administration
- record keeping
- infection control
- leading and planning patient care
- handover of patient information.

It's also alleged that she failed to provide safe patient care during the same period.

Carol Arnill admits that she made a 'near miss' medication error, but doesn't admit to the other concerns.

We investigated the issue and the matter was referred to the Fitness to Practise Committee. No allegation against Carol Arnill has yet been found substantively proved by one of our statutory committees.

On 17 September 2025 we received an application from Carol Arnill for agreed removal from the NMC register.

ASSISTANT REGISTRAR'S DECISION

As an Assistant Registrar, I have delegated authority to make decisions about agreed removal and have agreed to removal from the NMC register in this case.

In accordance with Rule 14 of the Nursing and Midwifery Council (Education, Registration and Registration Appeals) Rules 2004, in considering Carol Arnill's application for agreed removal, I've taken into account:

- comments received from the person who made the allegation against Carol Arnill

- agreed removal application dated 3 August 2025 and supporting documents from Carol Arnill
- documents obtained during the investigation of the case
- the reasons for the decision to send the case to the Fitness to Practise Committee
- the interests of Carol Arnill
- the public interest.

I'm satisfied that:

- Carol Arnill no longer intends to work as a registered nurse
- the allegations against Carol Arnill aren't likely to result in a striking-off order
- there are no other good reasons requiring us to consider the allegations further at this time
- the public interest is best served by agreeing the application for removal and enabling Carol Arnill to leave the NMC register.

We'll publish a record of this decision for twelve months from the date of the decision, 14 October 2025. In the event that Carol Arnill seeks readmission to the register, we may consider the matters that led to this agreed removal further.
