2. You must ensure that you are supervised by another registered nurse any time you are administering medication until you have been assessed as competent to do so without supervision. A copy of your completed competency must be sent to the NMC within seven days of completion.
3. You must be indirectly supervised by another registered nurse at all other times when working as a nurse. This must consist of working at all times on the same shift as, but not always directly observed by, another registered nurse.
4. You must meet with your line manager or supervisor monthly to discuss:
 - a) Medication management and administration
 - b) Record keeping

5. You must obtain a report from your line manager or supervisor and send it to your NMC case officer at least seven days before any review hearing detailing your performance in relation to:
 - a) Medication management and administration

- a) Any current or future employer.
 - b) Any educational establishment.
 - c) Any other person(s) involved in your retraining and/or supervision required by these conditions.

The panel decided to confirm this interim conditions of practice order and it will run for the remainder of the current interim order.

Unless Miss Butlin's case has already been concluded, this interim order must be reviewed before the end of the next six months and every six months thereafter. Additionally, Miss Butlin or the Nursing and Midwifery Council (NMC) may ask for the interim order to be reviewed if any new evidence becomes available that may be relevant to the interim order.

At any review a panel may revoke the interim order or any condition of it, it may confirm the interim order, or vary any condition of it, or it may replace the interim conditions of practice order with an interim suspension order.

A panel of the Fitness to Practise Committee has still to deal with the allegations made against Miss Butlin. The NMC will keep Miss Butlin informed of developments in relation to that issue.

This will be confirmed to Miss Butlin in writing.

That concludes this determination.
