Unless Miss McAlonan's case has already been concluded, this interim order must be reviewed before the end of the next six months and every six months thereafter.

Additionally, Miss McAlonan or the Nursing and Midwifery Council (NMC) may ask for the interim order to be reviewed if any new evidence becomes available that may be relevant to the interim order.

At any review a panel may revoke the interim order or any condition of it, it may confirm the interim order, or vary any condition of it, or it may replace the interim conditions of practice order with an interim suspension order.

A panel of the Fitness to Practise Committee has still to deal with the allegations made against Miss McAlonan. The NMC will keep Miss McAlonan informed of developments in relation to that issue.

This will be confirmed to Miss McAlonan in writing.

That concludes this determination.
