

Nursing and Midwifery Council

Agreed Removal Decision

Registrant: Edith Adamezie Chukwunyerenwa

PIN: 23A2488E

Part(s) of the register: Registered Nurse - Adult Nursing

Relevant Location: Essex

On 29 May 2024, we received a referral raising a concern about Edith Adamezie Chukwunyerenwa's fitness to practise. It's alleged Edith Adamezie Chukwunyerenwa:

- failed to demonstrate the standards of knowledge, skills and judgment required to practice as a Band 5 nurse without supervision
- asked a colleague not to report an error she'd made whilst working under supervision.

Edith Adamezie Chukwunyerenwa doesn't accept the concerns. She said she was newly qualified, that there's no way she could acquire competence in one month of practice and was subject to intense bullying. She also denies asking a colleague not to report an error.

We investigated the issue and the matter was referred to the Fitness to Practise Committee. No allegation against Edith Adamezie Chukwunyerenwa has yet been found substantively proved by one of our statutory committees.

On 20 March 2026, we received an application from Edith Adamezie Chukwunyerenwa for agreed removal from the NMC register.

ASSISTANT REGISTRAR'S DECISION

As an Assistant Registrar, I have delegated authority to make decisions about agreed removal and have agreed to removal from the NMC register in this case.

In accordance with Rule 14 of the Nursing and Midwifery Council (Education, Registration and Registration Appeals) Rules 2004, in considering Edith Adamezie Chukwunyerenwa's application for agreed removal, I've taken into account:

- the agreed removal application form dated 20 March 2026 and enclosed reflection from October 2025
- the reasons for the decision to refer the matter to the Fitness to Practise Committee
- NMC investigation report and supporting evidence
- the interests of Edith Adamezie Chukwunyerenwa

- the public interest.

We contacted the person who made the allegation against Edith Adamezie Chukwunyerenwa for their comments on the application for agreed removal. They said that they had no comments to make.

I'm satisfied that:

- Edith Adamezie Chukwunyerenwa no longer intends to work as a registered nurse
- the allegations against Edith Adamezie Chukwunyerenwa aren't likely to result in a striking-off order
- there are no other good reasons requiring us to consider the allegations further at this time
- the public interest is best served by agreeing the application for removal and enabling Edith Adamezie Chukwunyerenwa to leave the NMC register.

We'll publish a record of this decision for twelve months from the date of the decision, **7 April 2026**. In the event that Edith Adamezie Chukwunyerenwa seeks readmission to the register, we may consider the matters that led to this agreed removal further.
