

**Nursing and Midwifery Council  
Fitness to Practise Committee**

**Interim Order Review Meeting  
Wednesday 22 April 2026**

Virtual Meeting

<b>Name of Mrs Feltner:</b>	Cheryl Lee Feltner
<b>NMC PIN:</b>	07K0854E
<b>Part(s) of the register:</b>	Registered Nurse – Sub Part 1 Learning Disabilities Nursing (Level 1) – 25 February 2008
<b>Relevant Location:</b>	Suffolk
<b>Panel members:</b>	Caroline Rollitt (Chair, Lay member) Lisa Holcroft (Mrs Feltner member) Robin Barber (Lay member)
<b>Hearings Coordinator:</b>	Emma Norbury-Perrott
<b>Interim order to be reviewed:</b>	Interim suspension order (18 months)
<b>Outcome of review:</b>	<b>Interim suspension order confirmed</b>

## **Decision and reasons on interim order**

The panel decided to confirm the current interim suspension order.

Unless Mrs Feltner's case has already been concluded or there has been a material change of circumstances, a panel will review the interim suspension order at a review meeting within the next six months and every six months thereafter. A panel will be invited by the Nursing and Midwifery Council (NMC) to confirm the interim suspension order at this meeting and Mrs Feltner will be notified of the panel's decision in writing following that meeting.

Where there has been a material change of circumstances that might mean that the order should be revoked or replaced, or there has been a request for an early review, a panel will review the interim order at a hearing which Mrs Feltner will be invited to attend in person, send a representative on Mrs Feltner's behalf or submit written representations for the panel to consider. At any such review hearing the panel may revoke the interim order, it may confirm the interim suspension order or it may replace it with an interim conditions of practice order.

A panel of the Fitness to Practise Committee has still to deal with the allegations made against Mrs Feltner. The NMC will keep Mrs Feltner informed of developments in relation to that issue.

This will be confirmed to Mrs Feltner in writing.

That concludes this determination.
