Agreed Removal Decision

Registrant: Selvi Ragen

PIN: 22A0922E

Part(s) of the register: Registered Nurse - Children Nursing

Relevant Location: Surrey

On 15 February 2024 we received a referral raising a concern about Selvi Ragen's fitness to practise. It's alleged that she failed to demonstrate the knowledge, skill and judgement to practice without supervision as a band five nurse.

Selvi Ragen denies the concerns that have been raised.

We investigated the matter, and it was considered by the case examiners. The case examiners recommended that undertakings would be a suitable outcome and Selvi Ragen agreed to these. The undertakings came into effect on 18 August 2025. No allegation against Selvi Ragen has yet been found substantively proved by one of our statutory committees.

On 7 October 2025 we received an application from Selvi Ragen for agreed removal from the NMC register.

ASSISTANT REGISTRAR'S DECISION

As an Assistant Registrar, I have delegated authority to make decisions about agreed removal and have agreed to removal from the NMC register in this case.

In accordance with Rule 14 of the Nursing and Midwifery Council (Education, Registration and Registration Appeals) Rules 2004, in considering Selvi Ragen's application for agreed removal, I've taken into account:

- Selvi Ragen's application for agreed removal and supporting documents
- case examiners' reasons for their decision to recommend undertakings
- undertakings acceptance letter dated 18 August 2025
- documents obtained during the investigation of the case
- the interests of Selvi Ragen
- the public interest.

We sought to contact the person who made the allegation against Selvi Ragen for their comments on the application for agreed removal. No comments were received within a reasonable period.

I'm satisfied that:

- Selvi Ragen no longer intends to work as a registered nurse
- the allegations against Selvi Ragen relate to a lack of competence and aren't likely to result in a striking-off order
- there are no other good reasons requiring us to consider the allegations further at this time
- the public interest is best served by agreeing the application for removal and enabling Selvi Ragen to leave the NMC register.

We'll publish a record of this decision for twelve months from the date of the decision, **22 April 2026**. In the event that Selvi Ragen seeks readmission to the register, we may consider the matters that led to this agreed removal further.
