For the purposes of these conditions, 'employment' and 'work' mean any paid or unpaid post in a nursing, midwifery or nursing associate role. Also, 'course of study' and 'course' mean any course of educational study connected to nursing, midwifery or nursing associates.

2. You must not be the sole nurse in charge of any shift.
3. You must ensure that you are directly supervised by a registered nurse any time you are working, until you have been formally assessed as being competent to practise independently by your line manager, supervisor, or mentor.
You must provide the NMC with evidence of this within seven days of passing such competency.
4. Once formally assessed as competent, you must be indirectly supervised, this means working on the same shift as, but not directly supervised by, another registered nurse.

 - c) Any educational establishment
 - d) Any other person(s) involved in your retraining and/or supervision required by these conditions.

Unless Mr Baron's case has already been concluded or there has been a material change of circumstances, a panel will review the interim suspension order at a review meeting within the next six months and every six months thereafter. A panel will be invited by the Nursing and Midwifery Council (NMC) to confirm the interim suspension order at this meeting and Mr Baron will be notified of the panel's decision in writing following that meeting.

Where there has been a material change of circumstances that might mean that the order should be revoked or replaced, or there has been a request for an early review, a panel will review the interim order at a hearing which Mr Baron will be invited to attend in person, send a representative on Mr Baron behalf or submit written representations for the panel to consider. At any such review hearing the panel may revoke the interim order, it may confirm the interim suspension order or it may replace it with an interim conditions of practice order.

The NMC Case Examiners are yet to decide whether there is a case to answer in relation to the allegations made against Mr Baron. The NMC will write to Mr Baron when the case is ready for the next stage of the fitness to practise process.

This will be confirmed to Mr Baron in writing.

That concludes this determination.
