Agreed Removal Decision

Registrant: Rodrigo Ringor

PIN: 04E04790

Part(s) of the register: Registered Nurse - Adult Nursing

Relevant Location: Cheshire

On 12 February 2025 we received a referral raising a concern about Rodrigo Ringor's fitness to practise. While working as an agency nurse at three Trusts/Health Boards between March 2021 and February 2025, concerns were raised about Rodrigo Ringer's:

- poor medications practice
- failures in patient assessment
- failures to act appropriately in response to a deteriorating patient
- failures to provide care in accordance with a care plan
- failures to prioritise work
- dishonesty relating to inaccurate recording of a patient's temperature.

Rodrigo Ringor hasn't provided a substantive response to the concerns, although locally he reflected on the incidents and completed further training.

We haven't finished our investigation and the matter hasn't yet been considered by the case examiners. No allegation against Rodrigo Ringor has yet been found substantively proved by one of our statutory committees.

On 8 April 2025 we received an application from Rodrigo Ringor for agreed removal from the NMC register.

ASSISTANT REGISTRAR'S DECISION

As an Assistant Registrar, I have delegated authority to make decisions about agreed removal and have agreed to removal from the NMC register in this case.

In accordance with Rule 14 of the Nursing and Midwifery Council (Education, Registration and Registration Appeals) Rules 2004, in considering Rodrigo Ringor's application for agreed removal, I've taken into account:

- Rodrigo Ringor's agreed removal application dated 8 April 2025
- documents obtained during the investigation of the case so far
- comments received from one of the people that made the allegation against Rodrigo Ringor
- the interests of Rodrigo Ringor

- the public interest.

I'm satisfied that:

- I've enough information to be able to make a decision about the seriousness of the concerns and the public interest in agreeing to removal
- Rodrigo Ringor no longer intends to work as a registered nurse
- the alleged dishonest conduct was a one-off incident and there's no evidence that it was premeditated or systematic
- the allegations against Rodrigo Ringor aren't likely to result in a striking-off order
- there are no other good reasons requiring us to consider the allegations further at this time
- the public interest is best served by agreeing the application for removal and enabling Rodrigo Ringor to leave the NMC register.

We'll publish a record of this decision for twelve months from the date of the decision, 17 February 2026. In the event that Rodrigo Ringor seeks readmission to the register, we may consider the matters that led to this agreed removal further.
