Decision and reasons on interim order

The panel decided to confirm the current interim conditions of practice order.

The panel was of the view that the public would remain suitably protected by the continuation of the following conditions:

For the purposes of these conditions, 'employment' and 'work' mean any paid or unpaid post in a nursing, midwifery or nursing associate role. Also, 'course of study' and 'course' mean any course of educational study connected to nursing, midwifery or nursing associates.

1. You must be employed by one single substantive employer. This must not be an agency.
2. You must not be the nurse in charge.
3. You must be directly supervised by another Registered Nurse in medication administration and management, until you have been assessed and deemed competent to do so by a Band 6 Registered Nurse or above. A copy of your successful completion must be sent to the Nursing and Midwifery Council (NMC) within 7 days of completion.
4. You must ensure that you are supervised at any time you are working. Your supervision must consist of working at all times on the same shift as, but not directly observed by a registered nurse.
5. You must meet with your line manager or supervisor on a fortnightly basis to discuss your overall clinical performance and wellbeing with particular reference to the following areas:
 - a) Electronic documentation

- b) Medication Administration and management
 - c) Effective time management
 - d) Prioritisation of care
 - e) Managing deteriorating patients.
6. Prior to the next NMC meeting or hearing, you must send the NMC a report from your line manager or supervisor referencing the below areas:
- a) Electronic documentation
 - b) Medication Administration and management
 - c) Effective time management
 - d) Prioritisation of care
 - e) Managing deteriorating patients.
7. You must keep the NMC informed about anywhere you are working by:
- a) Telling your case officer within seven days of accepting or leaving any employment.
 - b) Giving your case officer your employer's contact details.
8. You must immediately give a copy of these conditions to:
- a) Any organisation or person you work for.
 - b) Any employers you apply to for work (at the time of application).
 - c) Any establishment you apply to (at the time of application), or with which you are already enrolled, for a course of study.
9. You must tell your case officer, within seven days of your becoming aware of:
- a) Any clinical incident you are involved in.
 - b) Any investigation started against you.

- c) Any disciplinary proceedings taken against you.
10. You must allow your case officer to share, as necessary, details about your performance, your compliance with and / or progress under these conditions with:
- a) Any current or future employer.
 - b) Any other person(s) involved in your retraining and/or supervision required by these conditions

Unless Mrs Aderonmu's case has already been concluded, this interim order must be reviewed before the end of the next six months and every six months thereafter. Additionally, Mrs Aderonmu or the NMC may ask for the interim order to be reviewed if any new evidence becomes available that may be relevant to the interim order.

At any review, the reviewing panel may revoke the interim order or any condition of it, it may confirm the interim conditions of practice order, or vary any condition of it, or it may replace the interim conditions of practice order with an interim suspension order.

In certain circumstances, it may be possible for the interim conditions of practice order to be reviewed by a reviewing panel at an administrative meeting. Mrs Aderonmu's case officer will write to her about this in due course.

The NMC Case Examiners are yet to decide whether there is a case to answer in relation to the allegations made against Mrs Aderonmu. The NMC will write to Mrs Aderonmu when the case is ready for the next stage of the fitness to practise process.

This will be confirmed to Mrs Aderonmu in writing.

That concludes this determination.
