Agreed Removal Decision

Registrant: Catherine Mary Brown

PIN: 84G1655E

Part(s) of the register: Registered Nurse - Adult Nursing

Relevant Location: Hampshire and Isle of Wight

On 13 September 2024 we received a referral raising a concern about Catherine Mary Brown's fitness to practise.

The referral gave rise to a concern that Catherine Mary Brown has a health condition capable of impairing her fitness to practise.

We investigated the issue, and the matter was referred to the Fitness to Practise Committee. No allegation against Catherine Mary Brown has yet been found substantively proved by one of our statutory committees.

On 17 November 2025 we received an application from Catherine Mary Brown for agreed removal from the NMC register.

ASSISTANT REGISTRAR'S DECISION

As an Assistant Registrar, I have delegated authority to make decisions about agreed removal and have agreed to removal from the NMC register in this case.

In accordance with Rule 14 of the Nursing and Midwifery Council (Education, Registration and Registration Appeals) Rules 2004, in considering Catherine Mary Brown's application for agreed removal, I've taken into account:

- comments received from the person that made the allegation against Catherine Mary Brown
- the case examiners' decision dated 14 October 2025
- documents obtained during our investigation
- the interests of Catherine Mary Brown
- the public interest.

I'm satisfied that:

- Catherine Mary Brown no longer intends to work as a registered nurse
- the allegations against Catherine Mary Brown aren't likely to result in a striking-off order
- there are no other good reasons requiring us to consider the allegations further at this time

- the public interest is best served by agreeing the application for removal and enabling Catherine Mary Brown to leave the NMC register.

We'll publish a record of this decision for twelve months from the date of the decision, **6 January 2026**. In the event that Catherine Mary Brown seeks readmission to the register, we may consider the matters that led to this agreed removal further.
