Decision and reasons on interim order

The panel decided to confirm the current interim suspension order.

The panel was of the view that the public would remain suitably protected by the continuation of the following conditions:

'For the purposes of these conditions, 'employment' and 'work' mean any paid or unpaid post in a nursing, midwifery or nursing associate role. Also, 'course of study' and 'course' mean any course of educational study connected to nursing, midwifery or nursing associates.

1. When practising as a registered nurse, you must not be the manager or the nurse in charge of any shift.
2. You must keep the NMC informed about anywhere you are working by:
 - a) Telling your case officer within seven days of accepting or leaving any employment.
 - b) Giving your case officer your employer's contact details.
3. You must keep the NMC informed about anywhere you are studying by:
 - a) Telling your case officer within seven days of accepting any course of study.
 - b) Giving your case officer the name and contact details of the organisation offering that course of study.
4. You must immediately give a copy of these conditions to:
 - a) Any organisation or person you work for.
 - b) Any agency you apply to or are registered with for work.
 - c) Any employers you apply to for work (at the time of application).
 - d) Any establishment you apply to (at the time of application), or with which you are already enrolled, for a course of study.

- e) Any current or prospective patients or clients you intend to see or care for on a private basis when you are working in a self-employed capacity
5. You must tell your case officer, within seven days of your becoming aware of:
- a) Any clinical incident you are involved in.
 - b) Any investigation started against you.
 - c) Any disciplinary proceedings taken against you.
6. You must allow your case officer to share, as necessary, details about your compliance with these conditions with the following:
- a) Any current or future employer.
 - b) Any educational establishment.
 - c) Any other person(s) involved in your retraining and/or supervision required by these conditions.'

The panel decided to confirm the interim conditions of practice order and it will run for the remainder of the current interim order.

Unless Mr McLaren's case has already been concluded or there has been a material change of circumstances, a panel will review the interim conditions of practice order at a review meeting within the next six months and every six months thereafter. A panel will be invited by the Nursing and Midwifery Council (NMC) to confirm the interim conditions of practice order at this meeting and Mr McLaren will be notified of the panel's decision in writing following that meeting.

Where there has been a material change of circumstances that might mean that the order should be revoked or replaced, or there has been a request for an early review, a panel will review the interim order at a hearing which Mr McLaren will be invited to attend in person, send a representative on Mr McLaren's behalf or submit written representations for the panel to consider. At any such review hearing the panel may revoke the interim

order, it may confirm the interim conditions of practice order or it may replace it with an interim suspension order.

This will be confirmed to Mr McLaren in writing.

That concludes this determination.
