Decision and reasons on interim order

The panel decided to make an interim suspension order for a period of 18 months.

Unless your case has already been concluded or there has been a material change of circumstances, a panel will review the interim suspension order at a review meeting within the next six months and every six months thereafter. A panel will be invited by the NMC to confirm the interim suspension order at this meeting and you will be notified of the panel's decision in writing following that meeting.

Your case will be allocated to an investigator who will write to you with further details.

The NMC has referred your case to the Investigating Committee. Once the NMC has completed its investigation, a panel of the Investigating Committee will consider whether your entry on the register was incorrectly made or fraudulently procured and it will make a decision about what action to take.

This will be confirmed to you in writing.

That concludes this determination.
