Decision and reasons on interim order

The panel decided to confirm the current interim conditions of practice order.

The panel was of the view that the public would remain suitably protected by the implementation of the following conditions:

‘For the purposes of these conditions, ‘employment’ and ‘work’ mean any paid or unpaid post in a nursing, midwifery or nursing associate role. Also, ‘course of study’ and ‘course’ mean any course of educational study connected to nursing, midwifery or nursing associates.

1. You must only work for a single substantive employer which must be in a hospital setting. This can be a bank placement of three months or longer, but must not be an agency.
2. You must be indirectly supervised any time you are working. Your supervision must consist of working on the same shift as but not always directly supervised by another registered nurse.
3. You must not be the nurse in charge of any shift.
4. You must meet monthly with your line manager, mentor or supervisor to discuss your clinical practice in relation to:
 - a) Maintaining professional boundaries
 - b) Your general conduct in the workplace
5. You must send the NMC in advance of the next NMC hearing or meeting an up to date report from your line manager, mentor or supervisor commenting on your clinical practice in relation to:
 - a) Maintaining professional boundaries
 - b) Your general conduct in the workplace
6. You must keep the NMC informed about anywhere you are working by:

- a) Telling your case officer within seven days of accepting or leaving any employment
 - b) Giving your case officer your employer's contact details
7. You must immediately give a copy of these conditions to:
- a) Any organisation or person you work for
 - b) Any employers you apply to for work (at the time of application)
8. You must tell your NMC case officer, within seven days of your becoming aware of:
- a) Any clinical incident you are involved in
 - b) Any investigation started against you
 - c) Any disciplinary proceedings taken against you
9. You must allow your NMC case officer to share, as necessary, details about your performance, your compliance with and / or progress under these conditions with:
- a) Any current or future employer.
 - b) Any other person(s) involved in your supervision required by these conditions

The panel decided to confirm this interim conditions of practice order and it will run for the remainder of the current interim order.

Unless Ms Betts' case has already been concluded, this interim order must be reviewed before the end of the next six months and every six months thereafter. Additionally, Ms Betts or the NMC may ask for the interim order to be reviewed if any new evidence becomes available that may be relevant to the interim order.

At any review, the reviewing panel may revoke the interim order or any condition of it, it may confirm the interim conditions of practice order, or vary any condition of it, or it may replace the interim conditions of practice order with an interim suspension order.

In certain circumstances, it may be possible for the interim conditions of practice order to be reviewed by a reviewing panel at an administrative meeting. Ms Betts' case officer will write to her about this in due course.

The NMC Case Examiners are yet to decide whether there is a case to answer in relation to the allegations made against Ms Betts. The NMC will write to Ms Betts when the case is ready for the next stage of the fitness to practise process.

This will be confirmed to Ms Betts in writing.

That concludes this determination.
