Decision and reasons on interim order

The panel decided to confirm the current interim conditions of practice order

The panel has determined that the following conditions are proportionate and appropriate:

'For the purposes of these conditions, 'employment' and 'work' mean any paid or unpaid post in a nursing, midwifery or nursing associate role. Also, 'course of study' and 'course' mean any course of educational study connected to nursing, midwifery or nursing associates:

2. [PRIVATE].
3. You must limit your practice to one substantive employer.
4. You must ensure that you are supervised by another registered nurse any time you are working. Your supervision must consist of indirect supervision by working at all times on the same shift as, but not always directly observed by a registered nurse. If you are working in a community setting, your supervision must include being able to consult with your supervisor, either remotely or in person, before, during and after a patient visit.
5. You must work with your line manager, supervisor or mentor to develop a personal development plan which should include:
 - a. Aseptic technique and wound care
 - b. Record keeping
 - c. Team working
 - d. Professional conduct

You must send a copy of the personal development plan to your NMC case officer before the next review hearing.

 - b. Any employers you apply to for work (at the time of application).
 - c. Any establishment you apply to (at the time of application), or with which you are already enrolled, for a course of study.
11. You must tell your case officer, within seven days of your becoming aware of:
 - a. Any clinical incident you are involved in.
 - b. Any investigation started against you.
 - c. Any disciplinary proceedings taken against you.
12. You must allow your case officer to share, as necessary, details about your performance, your compliance with and/or progress under these conditions with:
 - a. Any current or future employer.
 - b. Any educational establishment.
 - c. Any other person(s) involved in your retraining and/or supervision required by these conditions.

Unless Ms Griffiths' case has already been concluded, this interim order must be reviewed before the end of the next six months and every six months thereafter. Additionally, Ms

Griffiths or the Nursing and Midwifery Council (NMC) may ask for the interim order to be reviewed if any new evidence becomes available that may be relevant to the interim order.

At any review a panel may revoke the interim order or any condition of it, it may confirm the interim order, or vary any condition of it, or it may replace the interim conditions of practice order with an interim suspension order.

A panel of the Fitness to Practise Committee has still to deal with the allegations made against registrant. The NMC will keep registrant informed of developments in relation to that issue.

This will be confirmed to Ms Griffiths in writing.

That concludes this determination.
