Agreed Removal Decision

Registrant: John McKeegan

PIN: 85G0029N

Part(s) of the register: Registered Nurse - Mental Health Nursing

Relevant Location: Londonderry

On 1 April 2025 we received a referral raising a concern about John McKeegan's fitness to practise.

The referral gave rise to a concern that John McKeegan's fitness to practise may be impaired by reason of health.

We referred the matter to the case examiners and we're in the process of investigating the concerns. No allegation against John McKeegan has yet been found substantively proved by one of our statutory committees.

On 1 April 2026 we received an application from John McKeegan for agreed removal from the NMC register.

ASSISTANT REGISTRAR'S DECISION

As an Assistant Registrar, I have delegated authority to make decisions about agreed removal and have agreed to removal from the NMC register in this case.

In accordance with Rule 14 of the Nursing and Midwifery Council (Education, Registration and Registration Appeals) Rules 2004, in considering John McKeegan's application for agreed removal, I've taken into account:

- comments received from the person who made the allegation against John McKeegan
- documents obtained in the course of the NMC's processes
- the interests of John McKeegan
- the public interest.

I'm satisfied that:

- John McKeegan no longer intends to work as a registered nurse
- the allegations against John McKeegan aren't likely to result in a striking-off order
- there are no other good reasons requiring us to consider the allegations further at this time

- the public interest is best served by agreeing the application for removal and enabling John McKeegan to leave the NMC register.

We'll publish a record of this decision for twelve months from the date of the decision, **21 July 2026**. In the event that John McKeegan seeks readmission to the register, we may consider the matters that led to this agreed removal further.
