Decision and reasons on interim order

The panel decided to vary the current interim conditions of practice order.

The panel has determined that the following conditions are proportionate and appropriate:

For the purposes of these conditions, 'employment' and 'work' mean any paid or unpaid post in a nursing, midwifery or nursing associate role. Also, 'course of study' and 'course' mean any course of educational study connected to nursing, midwifery or nursing associates.

1. When you return to work in a role requiring your NMC PIN, you must either work in:
 - a. A non-patient facing role. This means you may undertake a nursing role which does not involve any patient contact whether remote or face to face
OR
 - b. If you are working in a patient facing role:
 - i. You must not act as the nurse in charge or have overall clinical responsibility for any shift, ward, unit, department, service or clinical area.
 - ii. You must be indirectly supervised by another NMC registered nurse on location any time you are working. You must ensure that the supervising nurse is working at the same location at all times in your shift.
2. You must meet with your line manager, mentor or supervisor at the commencement of your role and thereafter on a monthly basis to discuss:
 - a. The importance of maintaining professional boundaries with patients.
 - b. Your ongoing learning development and reflective practice.
3. You must provide your NMC case officer with a report from your line manager, mentor or supervisor prior to the next NMC review hearing detailing your general performance and your discussions regarding the importance of maintaining professional boundaries with patients.

4. You must keep the NMC informed about anywhere you are working by:
 - a. Telling your case officer within seven days of accepting or leaving any employment.
 - b. Giving your case officer your employer's contact details.

5. You must keep the NMC informed about anywhere you are studying by:
 - a. Telling your case officer within seven days of accepting any course of study.
 - b. Giving your case officer the name and contact details of the organisation offering that course of study.

6. You must immediately give a copy of these conditions to:
 - a. Any organisation or person you work for.
 - b. Any employers you apply to for work (at the time of application).
 - c. Any establishment you apply to (at the time of application), or with which you are already enrolled, for a course of study.

7. You must tell your NMC case officer, within seven days of your becoming aware of:
 - a. Any clinical incident you are involved in.
 - b. Any investigation started against you.
 - c. Any disciplinary proceedings taken against you.

8. You must allow your case officer to share, as necessary, details about your performance, your compliance with and / or progress under these conditions with:
 - a. Any current or future employer.
 - b. Any educational establishment.
 - c. Any other person(s) involved in your retraining and/or supervision required by these conditions

Unless Mrs Lewis' case has already been concluded, this interim order must be reviewed before the end of the next six months and every six months thereafter. Additionally, Mrs

Lewis or the Nursing and Midwifery Council (NMC) may ask for the interim order to be reviewed if any new evidence becomes available that may be relevant to the interim order.

At any review a panel may revoke the interim order or any condition of it, it may confirm the interim order, or vary any condition of it, or it may replace the interim conditions of practice order with an interim suspension order.

A panel of the Fitness to Practise Committee has still to deal with the allegations made against Mrs Lewis. The NMC will keep Mrs Lewis informed of developments in relation to that issue.

This will be confirmed to Mrs Lewis in writing.

That concludes this determination.
