Agreed Removal Decision

Registrant: Amanda Robertson

PIN: 99I0199S

Part(s) of the register: Registered Nurse - Adult Nursing

Relevant Location Shetland Islands

On 17 October 2024 we received a referral raising a concern about Amanda Robertson's fitness to practise. The referral gave rise to a concern that Amanda Robertson has a health condition capable of impairing her fitness to practise. It's also alleged that she received a Formal Police Warning for possession of Class C controlled drugs.

The matter was referred to the case examiners but we've not yet finished our investigation. No allegation against Amanda Robertson has yet been found substantively proved by one of our statutory committees.

On 26 March 2026 we received an application from Amanda Robertson for agreed removal from the NMC register.

ASSISTANT REGISTRAR'S DECISION

As an Assistant Registrar, I have delegated authority to make decisions about agreed removal and have agreed to removal from the NMC register in this case.

In accordance with Rule 14 of the Nursing and Midwifery Council (Education, Registration and Registration Appeals) Rules 2004, in considering Amanda Robertson's application for agreed removal, I've taken into account:

- evidence and information relevant to the allegations
- the interests of Amanda Robertson
- the public interest.

We sought to contact the person who made the allegation against Amanda Robertson for their comments on the application for agreed removal. No comments were received within a reasonable period.

I'm satisfied that:

- there's enough information to make a decision about the seriousness of the concerns and the public interest
- Amanda Robertson no longer intends to work as a registered nurse

- the allegations against Amanda Robertson aren't likely to result in a striking-off order
- there are no other good reasons requiring us to consider the allegations further at this time
- the public interest is best served by agreeing the application for removal and enabling Amanda Robertson to leave the NMC register.

We'll publish a record of this decision for twelve months from the date of the decision, 18 June 2026. In the event that Amanda Robertson seeks readmission to the register, we may consider the matters that led to this agreed removal further.
