Agreed Removal Decision

Registrant: Elizabeth Whitehead

PIN: 88A0075E

Part(s) of the register: Registered Nurse - Adult Nursing

Relevant Location: Oxfordshire

On 15 August 2024, we received a referral raising a concern about Elizabeth Whitehead's fitness to practise. It's alleged that Elizabeth Whitehead has a health condition that's impacted on her practice as a registered nurse and that she required additional support with things like communication and record keeping.

The matter was referred to the case examiners but our investigation isn't finished. No allegation against Elizabeth Whitehead has yet been found substantively proved by one of our statutory committees.

On 23 February 2026, we received an application from Elizabeth Whitehead for agreed removal from the NMC register.

ASSISTANT REGISTRAR'S DECISION

As an Assistant Registrar, I have delegated authority to make decisions about agreed removal and have agreed to removal from the NMC register in this case.

In accordance with Rule 14 of the Nursing and Midwifery Council (Education, Registration and Registration Appeals) Rules 2004, in considering Elizabeth Whitehead's application for agreed removal, I've taken into account:

- the agreed removal application form
- comments received from the person who made the allegation against Elizabeth Whitehead
- the NMC referral and information obtained during the NMC investigation so far
- the interests of Elizabeth Whitehead
- the public interest.

I'm satisfied that:

- Elizabeth Whitehead no longer intends to work as a registered nurse
- there's enough information to make a decision about the seriousness of the concerns and the public interest in agreeing removal without completing our investigation
- the allegations against Elizabeth Whitehead aren't likely to result in a striking-off order

- there are no other good reasons requiring us to consider the allegations further at this time
- the public interest is best served by agreeing the application for removal and enabling Elizabeth Whitehead to leave the NMC register.

We'll publish a record of this decision for twelve months from the date of the decision, **1 June 2026**. In the event that Elizabeth Whitehead seeks readmission to the register, we may consider the matters that led to this agreed removal further.
