Nursing and Midwifery Council

Agreed Removal Decision

Registrant: Yvette Walker

PIN: 81H0381E

Part(s) of the register: Registered Nurse - Adult Nursing

Relevant Location: Yorkshire

On 16 October 2024 we received a referral raising a concern about Yvette Walker's fitness to practise. It's alleged that as a Clinical Manager and Practice Nurse Yvette Walker made a series of errors and failings in her role in relation to record keeping, specifically that records were incomplete or inaccurate and that Yvette Walker was dishonest in backdating medical records. It's further alleged that Yvette Walker demonstrated poor leadership in that Yvette Walker instructed another member of staff to record inaccurate entries on patient records.

On 3 February 2025 we received an application from Yvette Walker for agreed removal from the NMC register.

We investigated the issue and the matter was referred to a panel of the Fitness to Practise Committee. No allegation against Yvette Walker has yet been found substantively proved by one of our statutory committees.

ASSISTANT REGISTRAR'S DECISION

As an Assistant Registrar, I have delegated authority to make decisions about agreed removal and have agreed to removal from the NMC register in this case.

In accordance with Rule 14 of the Nursing and Midwifery Council (Education, Registration and Registration Appeals) Rules 2004, in considering Yvette Walker's application for agreed removal, I've taken into account:

- Agreed removal application form dated 3 February 2025
- Telephone notes from calls with Yvette Walker
- Nursing Context and Reflective Account Form
- Case Examiner Investigation Report
- Case examiner decision dated 26 August 2025
- the interests of Yvette Walker

- the public interest.

We sought to contact the person who made the allegation against Yvette Walker for their comments on the application for agreed removal. No comments were received within a reasonable period.

I'm satisfied that:

- Yvette Walker no longer intends to work as a registered nurse
- the allegations against Yvette Walker aren't likely to result in a striking-off order
- there are no other good reasons requiring us to consider the allegations further at this time
- the public interest is best served by agreeing the application for removal and enabling Yvette Walker to leave the NMC register.

We'll publish a record of this decision for twelve months from the date of the decision, 17 March 2026. In the event that Yvette Walker seeks readmission to the register, we may consider the matters that led to this agreed removal further.
