Unless Mr Cuenca's case has already been concluded, this interim order must be reviewed before the end of the next six months and every six months thereafter. Additionally, Mr Cuenca or the NMC may ask for the interim order to be reviewed if any new evidence becomes available that may be relevant to the interim order.

At any review the reviewing panel may revoke the interim order or any condition of it, it may confirm the interim order, or vary any condition of it, or it may replace the interim conditions of practice order with an interim suspension order.

The NMC Case Examiners are yet to decide whether there is a case to answer in relation to the allegations made against Mr Cuenca. The NMC will write to Mr Cuenca when the case is ready for the next stage of the fitness to practise process.

This will be confirmed to Mr Cuenca in writing.

That concludes this determination.
