Decision and reasons on interim order

The panel decided to confirm the current interim conditions of practice order.

 - d) clinical decision making;
 - e) clinical leadership; and
 - f) data security and confidentiality.

2. You must provide a report to the NMC before any review hearing. This must report on your practice in relation to:
 - a) patient centred care, to include communication with individuals with additional needs;

- a) Any current or future employer;
 - b) Any educational establishment; and
 - c) Any other person(s) involved in your retraining and/or supervision required by these conditions.

The panel decided to confirm this interim conditions of practice order and it will run for the remainder of the current interim order.

Unless Miss Newbury's case has already been concluded, this interim order must be reviewed before the end of the next six months and every six months thereafter.

Additionally, Miss Newbury or the Nursing and Midwifery Council (NMC) may ask for the interim order to be reviewed if any new evidence becomes available that may be relevant to the interim order.

At any review, the reviewing panel may revoke the interim order or any condition of it, it may confirm the interim conditions of practice order, or vary any condition of it, or it may replace the interim conditions of practice order with an interim suspension order.

In certain circumstances, it may be possible for the interim conditions of practice order to be reviewed by a reviewing panel at an administrative meeting. Miss Newbury's case officer will write to her about this in due course.

A panel of the Fitness to Practise Committee still has to deal with the allegations made against Miss Newbury. The NMC will keep Miss Newbury informed of developments in relation to that issue.

This will be confirmed to Miss Newbury in writing.

That concludes this determination.
