## Decision and reasons on interim order

The panel decided to confirm the current interim conditions of practice order.

The panel was of the view that the public interest would be met by the implementation of the following conditions:

For the purposes of these conditions, 'employment' and 'work' mean any paid or unpaid post in a nursing, midwifery or nursing associate role. Also, 'course of study' and 'course' mean any course of educational study connected to nursing, midwifery or nursing associates.

1. You must restrict your nursing practice to a single substantive employer, namely, Priory Hospital Altrincham. You must not undertake any agency work.
2. You must not be the nurse in charge of any shift.

Unless Miss Patterson's case has already been concluded or there has been a material change of circumstances, a panel will review the interim conditions of practice order at a review meeting within the next six months and every six months thereafter. A panel will be invited by the Nursing and Midwifery Council (NMC) to confirm the interim conditions of practice order at this meeting and Miss Patterson will be notified of the panel's decision in writing following that meeting.

Where there has been a material change of circumstances that might mean that the order should be revoked or replaced, or there has been a request for an early review, a panel will review the interim order at a hearing which Miss Patterson will be invited to attend in person, send a representative on Miss Patterson's behalf or submit written representations for the panel to consider. At any such review hearing the panel may revoke the interim order, it may confirm the interim conditions of practice order or it may replace it with an interim suspension order.

The NMC Case Examiners are yet to decide whether there is a case to answer in relation to the allegations made against Miss Patterson. The NMC will write to Miss Patterson when the case is ready for the next stage of the fitness to practise process.

This will be confirmed to Miss Patterson in writing.

That concludes this determination.
