Nursing and Midwifery Council

Agreed Removal Decision

Registrant: Simone Johnson

PIN: 22L1564O

Part(s) of the register: Registered Midwife

Relevant Location: West Suffolk

On 7 November 2025 we received a referral raising a concern about Simone Johnson's fitness to practise.

It's alleged that Simone Johnson lacked competence as a midwife and failed to treat patients with dignity. Simone Johnson accepts that her fitness to practise is impaired, although says that she doesn't consider that she was properly supported in her role.

We referred the matter to the case examiners and we're in the process of investigating the concerns. No allegation against Simone Johnson has yet been found substantively proved by one of our statutory committees.

On 12 March 2026 we received an application from Simone Johnson for agreed removal from the NMC register.

ASSISTANT REGISTRAR'S DECISION

As an Assistant Registrar, I have delegated authority to make decisions about agreed removal and have agreed to removal from the NMC register in this case.

In accordance with Rule 14 of the Nursing and Midwifery Council (Education, Registration and Registration Appeals) Rules 2004, in considering Simone Johnson's application for agreed removal, I've taken into account:

- the application for agreed removal
- comments received from the person who made the allegation against Simone Johnson
- documents obtained in the course of our investigation
- the interests of Simone Johnson
- the public interest.

I'm satisfied that:

- Simone Johnson no longer intends to work as a registered midwife
- the allegations against Simone Johnson aren't likely to result in a striking-off order

- there are no other good reasons requiring us to consider the allegations further at this time
- the public interest is best served by agreeing the application for removal and enabling Simone Johnson to leave the NMC register.

We'll publish a record of this decision for twelve months from the date of the decision, **2 November 2026**. In the event that Simone Johnson seeks readmission to the register, we may consider the matters that led to this agreed removal further.
