Decision and reasons on interim order

The panel decided to confirm the current interim conditions of practice order.

The panel has determined that the following conditions are proportionate and appropriate:

'For the purposes of these conditions, 'employment' and 'work' mean any paid or unpaid post in a nursing, midwifery or nursing associate role. Also, 'course of study' and 'course' mean any course of educational study connected to nursing, midwifery or nursing associates.'

1. You must be employed by a single substantive employer, that being your current employer (HC-One)

2. You must meet with your supervisor, line manager or mentor every two weeks to review your practice. These meetings should include discussion and reflection in the following areas:
   a) Professional relationships with colleagues; and
   b) Adherence to professional boundaries.

3. You must provide your NMC case officer at least 7 days in advance of the next review hearing a report from your supervisor or mentor commenting on your:
   a) Professional relationships with colleagues; and
   b) Adherence to professional boundaries.

4. You must keep the NMC informed about anywhere you are working by:
   a) Telling your case officer within seven days of accepting or leaving any employment.
   b) Giving your case officer your employer's contact details.

5. You must immediately give a copy of these conditions to:

a) Any organisation or person you work for.
b) Any employers you apply to for work (at the time of application).
c) Any establishment you apply to (at the time of application), or with which you are already enrolled, for a course of study.

6. You must tell your case officer, within seven days of your becoming aware of:
   a) Any clinical incident you are involved in.
   b) Any investigation started against you.
   c) Any disciplinary proceedings taken against you.

Unless your case has already been concluded, this interim order must be reviewed before the end of the next six months and every six months thereafter. Additionally, you or the Nursing and Midwifery Council (NMC) may ask for the interim order to be reviewed if any new evidence becomes available that may be relevant to the interim order.

At any review a panel may revoke the interim order or any condition of it, it may confirm the interim order, or vary any condition of it, or it may replace the interim conditions of practice order with an interim suspension order.

A panel of the Fitness to Practise Committee has still to deal with the allegations made against you. The NMC will keep you informed of developments in relation to that issue.

This will be confirmed to you in writing.

That concludes this determination.
