Agreed Removal Decision

Registrant: Amy Leigh Woodward

PIN: 00I1869E

Part(s) of the register: Registered Nurse - Adult Nursing

Relevant Location: South Yorkshire

On 7 May 2025 we received a self-referral from Amy Leigh Woodward about her fitness to practise.

The referral gave rise to a concern that Amy Leigh Woodward's fitness to practise may be impaired by reason of health.

We investigated the issue and the matter was referred to the Fitness to Practise Committee. No allegation against Amy Leigh Woodward has yet been found substantively proved by one of our statutory committees.

On 19 June 2026 we received an application from Amy Leigh Woodward for agreed removal from the NMC register.

ASSISTANT REGISTRAR'S DECISION

As an Assistant Registrar, I have delegated authority to make decisions about agreed removal and have agreed to removal from the NMC register in this case.

In accordance with Rule 14 of the Nursing and Midwifery Council (Education, Registration and Registration Appeals) Rules 2004, in considering Amy Leigh Woodward's application for agreed removal, I've taken into account:

- documents obtained during the NMC's investigation
- the application for agreed removal
- the comments received from the employer
- the decision to refer Amy Leigh Woodward to the Fitness to Practise Committee
- the interests of Amy Leigh Woodward
- the public interest.

I'm satisfied that:

- Amy Leigh Woodward no longer intends to work as a registered nurse
- the allegations against Amy Leigh Woodward aren't likely to result in a striking-off order

- there are no other good reasons requiring us to consider the allegations further at this time
- the public interest is best served by agreeing the application for removal and enabling Amy Leigh Woodward to leave the NMC register.

We'll publish a record of this decision for twelve months from the date of the decision, **9 November 2026**. In the event that Amy Leigh Woodward seeks readmission to the register, we may consider the matters that led to this agreed removal further.
