Agreed Removal Decision

Registrant: Patricia Aderonke Balade

PIN: 00K1622O

Part(s) of the register: Registered Nurse - Adult Nursing

Relevant Location: Greater London

On 25 April 2025 we received a referral raising a concern about Patricia Aderonke Balade's fitness to practise where it was alleged that she:

- failed to administer medication appropriately
- failed to maintain adequate record keeping
- failed to act upon, manage and escalate the care of a deteriorating service user
- failed to maintain adequate levels of communication.

We investigated the issue and the matter was referred to the Fitness to Practise Committee. No allegation against Patricia Aderonke Balade has yet been found substantively proved by one of our statutory committees.

Patricia Aderonke Balade denies the concerns raised about her fitness to practise.

On 15 September 2026 we received an application from Patricia Aderonke Balade for agreed removal from the NMC register.

ASSISTANT REGISTRAR'S DECISION

As an Assistant Registrar, I have delegated authority to make decisions about agreed removal and have agreed to removal from the NMC register in this case.

In accordance with Rule 14 of the Nursing and Midwifery Council (Education, Registration and Registration Appeals) Rules 2004, in considering Patricia Aderonke Balade's application for agreed removal, I've taken into account:

- comments received from the person who made the allegation against Patricia Aderonke Balade
- agreed removal application form dated 15 September 2026
- report to the case examiners
- case examiner decision letter to Patricia Aderonke Balade dated 1 December 2025
- case examiner decision letter to Patricia Aderonke Balade dated 12 March 2026
- response from the maker of the allegations dated 23 September 2026

- the interests of Patricia Aderonke Balade
- the public interest.

We invited the person who made the allegation against Patricia Aderonke Balade to comment on the application for agreed removal. They responded on 23 September 2026 confirming they have no comments to make.

I'm satisfied that:

- Patricia Aderonke Balade no longer intends to work as a registered nurse
- the allegations against Patricia Aderonke Balade aren't likely to result in a striking-off order
- there are no other good reasons requiring us to consider the allegations further at this time
- the public interest is best served by agreeing the application for removal and enabling Patricia Aderonke Balade to leave the NMC register.

We'll publish a record of this decision for twelve months from the date of the decision, **8 October 2026**. In the event that Patricia Aderonke Balade seeks readmission to the register, we may consider the matters that led to this agreed removal further.
