Agreed Removal Decision

Registrant: Anna Naomi Billson-Page

PIN: 24F1461E

Part(s) of the register: Registered Nurse - Adult Nursing

Relevant Location: Merseyside

On 13 February 2026 we received a referral raising a concern about Anna Naomi Billson-Page's fitness to practise. It's alleged that Anna Naomi Billson-Page failed to demonstrate the standards and knowledge, skill and judgement required to practise without supervision as a nurse. It's also alleged that Anna Naomi Billson-Page was dishonest in relation to completing clinical observations and when responding about a clinical incident.

Anna Naomi Billson-Page accepts the concerns overall, however denies some specific incidents raised by the Hospital.

We referred the matter to the case examiners and we're in the process of investigating the concerns. No allegation against Anna Naomi Billson-Page has yet been found substantively proved by one of our statutory committees.

On 31 March 2026 we received an application from Anna Naomi Billson-Page for agreed removal from the NMC register.

ASSISTANT REGISTRAR'S DECISION

As an Assistant Registrar, I have delegated authority to make decisions about agreed removal and have agreed to removal from the NMC register in this case.

In accordance with Rule 14 of the Nursing and Midwifery Council (Education, Registration and Registration Appeals) Rules 2004, in considering Anna Naomi Billson-Page's application for agreed removal, I've taken into account:

- agreed removal application form dated 31 March 2026
- correspondence from Anna Naomi Billson-Page
- documents obtained during the investigation of the case so far
- the interests of Anna Naomi Billson-Page
- the public interest.

We invited the person who made the allegation against Anna Naomi Billson-Page to comment on the application for agreed removal. No comments were received by the time the application was considered.

I'm satisfied that:

- there's enough information for me to understand the seriousness of the concerns and the public interest in agreeing to removal without completing our investigation
- Anna Naomi Billson-Page no longer intends to work as a registered nurse
- although the concerns are at the more serious end of the spectrum, taking into account all of the information, they aren't likely to result in a striking-off order
- there are no other good reasons requiring us to consider the allegations further at this time
- the public interest is best served by agreeing the application for removal and enabling Anna Naomi Billson-Page to leave the NMC register.

We'll publish a record of this decision for twelve months from the date of the decision, **1 October 2026**. In the event that Anna Naomi Billson-Page seeks readmission to the register, we may consider the matters that led to this agreed removal further.
