Agreed Removal Decision

Registrant: Lucian Grigore Mosora

PIN: 08A0031C

Part(s) of the register: Registered Nurse - Adult Nursing

Relevant Location: Hampshire

On 22 May 2025 we received a referral raising a concern about Lucian Grigore Mosora's fitness to practise. It's alleged that Lucian Grigore Mosora:

- inappropriately conducted a digital rectal examination of a resident
- failed to obtain consent or carry out a best interest assessment to carry out the digital rectal examination
- failed to check the resident's records for their medical history prior to conducting the digital rectal examination
- failed to inform the resident of the procedure before beginning
- used an inappropriate cream as a lubricant
- raised his voice at the resident.

We referred the matter to the case examiners and we're in the process of investigating the concerns. No allegation against Lucian Grigore Mosora has yet been found substantively proved by one of our statutory committees.

Lucian Grigore Mosora admits most of the concerns raised but denies raising his voice at the resident.

On 14 February 2026 we received an application from Lucian Grigore Mosora for agreed removal from the NMC register.

ASSISTANT REGISTRAR'S DECISION

As an Assistant Registrar, I have delegated authority to make decisions about agreed removal and have agreed to removal from the NMC register in this case.

In accordance with Rule 14 of the Nursing and Midwifery Council (Education, Registration and Registration Appeals) Rules 2004, in considering Lucian Grigore Mosora's application for agreed removal, I've taken into account:

- comments received from the people who made the allegation against Lucian Grigore Mosora dated 5 March 2026 and 12 May 2026
- agreed removal application dated 14 February 2026
- information obtained as part of investigation to date
- the interests of Lucian Grigore Mosora

- the public interest.

I'm satisfied that:

- we understand the full extent of the regulatory concerns and that I can make a fully informed decision about the seriousness of the concerns at this stage
- Lucian Grigore Mosora no longer intends to work as a registered nurse
- although serious, the allegations against Lucian Grigore Mosora aren't likely to result in a striking-off order
- there are no other good reasons requiring us to consider the allegations further at this time
- the public interest is best served by agreeing the application for removal and enabling Lucian Grigore Mosora to leave the NMC register.

We'll publish a record of this decision for twelve months from the date of the decision, **20 October 2026**. In the event that Lucian Grigore Mosora seeks readmission to the register, we may consider the matters that led to this agreed removal further.
