Decision and reasons on interim order

The panel decided to make an interim conditions of practice order for a period of 18 months.

You must provide the NMC with a copy of your successful competency assessment within seven days of its completion.
5. At all other times, you must be indirectly supervised by another registered nurse. Your supervision must consist of working on the same shift as, but not always directly supervised by the registered nurse.

 - Patient assessment and observation
 - Escalation of deteriorating patients
 - Record keeping

12. You must allow your case officer to share, as necessary, details about your performance, your compliance with and / or progress under these conditions with:
 - a) Any current or future employer.
 - b) Any educational establishment.
 - c) Any other person(s) involved in your retraining and/or supervision required by these conditions

Unless your case has already been concluded, this interim order must be reviewed before the end of the next six months and every six months thereafter. Additionally, you or the Nursing and Midwifery Council (NMC) may ask for the interim order to be reviewed if any new evidence becomes available that may be relevant to the interim order.

At any review a panel may revoke the interim order or any condition of it, it may confirm the interim order, or vary any condition of it, or it may replace the interim conditions of practice order with an interim suspension order.

The NMC Case Examiners are yet to decide whether there is a case to answer in relation to the allegations made against you. The NMC will write to you when the case is ready for the next stage of the fitness to practise process.

This will be confirmed to you in writing.

That concludes this determination.
