Decision and reasons on interim order

The panel decided to confirm the current interim suspension order.

Unless there has been a material change of circumstances, a panel will review the interim suspension order at an administrative meeting within the next six months. The reviewing panel will be invited by the NMC to confirm the order at this meeting, and Ms Aubrey will be notified of that panel's decision in writing following that meeting.

Alternatively, Ms Aubrey is entitled to have the interim suspension order reviewed at a hearing. This means that Ms Aubrey will be able to attend and make representations, send a representative on her behalf or submit written representations about whether the order continues to be necessary. Ms Aubrey must inform her case officer if she would like the interim suspension order to be reviewed at a hearing.

Even if Ms Aubrey does not request a hearing, where there has been a material change of circumstances that might mean that the order should be revoked or replaced, a panel will review the order at a hearing to which Ms Aubrey and her representative will be invited to attend.

A panel of the Fitness to Practise Committee has still to deal with the allegations made against Ms Aubrey. The NMC will keep Ms Aubrey informed of developments in relation to that issue.

This decision will be confirmed to Ms Aubrey in writing.

That concludes this determination.
