Decision and reasons on interim order

The panel decided to vary the current interim conditions of practice order.

For the purposes of these conditions, 'employment' and 'work' mean any paid or unpaid post in a nursing, midwifery or nursing associate role. Also, 'course of study' and 'course' mean any course of educational study connected to nursing, midwifery or nursing associates.

The panel was of the view that the public would remain suitably protected by the implementation of the following conditions:

1. You must restrict your employment to one substantive employer. This must not be agency or bank work.
2. You must ensure that you are supervised by another registered nurse any time you are working. Your supervision must consist of working at all times while being directly observed by another registered nurse.
3. You must meet with your line manager or supervisor at least fortnightly to discuss your compliance with these conditions and the following:
 - Escalation of the deteriorating patient
 - Medication management and administration
 - Discharge planning
 - Management of the diabetic patient
 - Duty of candour
 - Record keeping
4. You must send your NMC case officer a report from your line manager or supervisor seven days prior to any review or meeting. This report must contain details of your supervision discussions, including your compliance with these conditions, and progress in relation to the following:

- Escalation of the deteriorating patient
 - Medication management and administration
 - Discharge planning
 - Management of the diabetic patient
 - Duty of candour
 - Record keeping
5. You must keep the NMC informed about anywhere you are working by:
- a) Telling your case officer within seven days of accepting or leaving any employment.
 - b) Giving your case officer your employer's contact details.
6. You must keep the NMC informed about anywhere you are studying by:
- a) Telling your case officer within seven days of accepting any course of study.
 - b) Giving your case officer the name and contact details of the organisation offering that course of study.
7. You must immediately give a copy of these conditions to:
- a) Any organisation or person you work for.
 - b) Any employers you apply to for work (at the time of application).
 - c) Any establishment you apply to (at the time of application), or with which you are already enrolled, for a course of study.
8. You must tell your case officer, within seven days of your becoming aware of:
- a) Any clinical incident you are involved in.
 - b) Any investigation started against you.
 - c) Any disciplinary proceedings taken against you.

9. You must allow your case officer to share, as necessary, details about your performance, your compliance with and / or progress under these conditions with:

- a) Any current or future employer.
- b) Any educational establishment.
- c) Any other person(s) involved in your retraining and/or supervision required by these conditions.

10. Before commencing any employment, you must show your employer a copy of this determination.

The panel decided to vary this interim conditions of practice order and it will run for the remainder of the current interim order.

Unless your case has already been concluded, this interim order must be reviewed before the end of the next six months and every six months thereafter. Additionally, you or the Nursing and Midwifery Council (NMC) may ask for the interim order to be reviewed if any new evidence becomes available that may be relevant to the interim order.

At any review a panel may revoke the interim order or any condition of it, it may confirm the interim order, or vary any condition of it, or it may replace the interim conditions of practice order with an interim suspension order.

A panel of the Fitness to Practise Committee has still to deal with the allegations made against you. The NMC will keep you informed of developments in relation to that issue.

This will be confirmed to you in writing.

That concludes this determination.
