Agreed Removal Decision

Registrant: Samantha Field

PIN: 22I1075E

Part(s) of the register: Registered Nurse – Adult

Relevant Location: Kent

On 12 December 2024 we received a referral raising a concern about Ms Field's fitness to practise. It's alleged Ms Field failed to demonstrate the knowledge, skill and judgement to practise without supervision in the following areas:

1. Medicines management
2. Identifying and escalating normal and worsening health in the person receiving care
3. Clinical prioritisation
4. Handover
5. Understanding of common conditions in the person receiving care

We investigated the issue and the matter was referred to the Fitness to Practise Committee. No allegation against Ms Field has been substantively proved by one of our statutory committees.

On 4 March 2026 we received an application Ms Field for agreed removal from the NMC register.

ASSISTANT REGISTRAR'S DECISION

As an Assistant Registrar, I have delegated authority to make decisions about agreed removal and have agreed to removal from the NMC register in this case.

In accordance with Rule 14 of the Nursing and Midwifery Council (Education, Registration and Registration Appeals) Rules 2004, in considering Ms Field's application for agreed removal, I've considered:

1. Agreed removal bundle containing:
 - Agreed removal application form.
 - Response from the maker of the allegation
 - Live Investigation Bundle
2. The interests of Ms Field
3. The public interest.

We wrote to the maker of the allegation on 5 March 2026. They do not object to Ms Field's immediate removal from the register.

I'm satisfied that:

- Ms Field no longer intends to work as a registered nurse.
- the allegations against Ms Field are not so serious and aren't likely to result in a striking off order there are no other good reasons requiring us to consider the allegations further at this time
- the public interest is best served by agreeing the application for removal and enabling Ms Field to leave the NMC register.

We'll publish a record of this decision for twelve months from the date of the decision, **18 September 2026**. In the event that Ms Field's readmission to the register, we may consider the matters that led to this agreed removal further.
