Agreed Removal Decision

Registrant: Dorota Amelia Krausiewicz

PIN: 17K0091E

Part(s) of the register: Registered Nurse - Adult Nursing

Relevant Location: East Sussex

On 19 May 2026 we received a referral raising a concern about Dorota Amelia Krausiewicz's fitness to practise. We received a further referral on 5 June 2026. The allegations relate to behaviour over two shifts and raise concerns about:

- poor medications practice
- unprofessional communication – shouting at a resident
- attending work when not fit to carry out duties safely.

Dorota Amelia Krausiewicz admits that she gave a resident another resident's medication and admits she raised her voice to a resident, but denies other incidents relating to poor medications practice. Dorota Amelia Krausiewicz also denies attending work while unfit to carry out duties safely.

We referred the matter to the case examiners and we're in the process of investigating the concerns. No allegation against Dorota Amelia Krausiewicz has yet been found substantively proved by one of our statutory committees.

On 1 July 2026 we received an application from Dorota Amelia Krausiewicz for agreed removal from the NMC register.

ASSISTANT REGISTRAR'S DECISION

As an Assistant Registrar, I have delegated authority to make decisions about agreed removal and have agreed to removal from the NMC register in this case.

In accordance with Rule 14 of the Nursing and Midwifery Council (Education, Registration and Registration Appeals) Rules 2004, in considering Dorota Amelia Krausiewicz's application for agreed removal, I've taken into account:

- comments received from one of the people who made the allegations against Dorota Amelia Krausiewicz
- agreed removal application dated 1 July 2026
- documents obtained during the investigation of the cases so far
- the interests of Dorota Amelia Krausiewicz
- the public interest.

I'm satisfied that:

- there's enough information for me to understand the seriousness of the concerns and the public interest in agreeing to removal without completing our investigation
- Dorota Amelia Krausiewicz no longer intends to work as a registered nurse
- the allegations against Dorota Amelia Krausiewicz aren't likely to result in a striking-off order
- there are no other good reasons requiring us to consider the allegations further at this time
- the public interest is best served by agreeing the application for removal and enabling Dorota Amelia Krausiewicz to leave the NMC register.

We'll publish a record of this decision for twelve months from the date of the decision, **23 September 2026**. In the event that Dorota Amelia Krausiewicz seeks readmission to the register, we may consider the matters that led to this agreed removal further.
