Agreed Removal Decision

Registrant: Kelly York

PIN: 15F2611E

Part(s) of the register: Registered Nurse - Adult Nursing

Relevant Location: Devon

On 3 March 2023 we received a referral raising a concern about Kelly York's fitness to practise. The concerns raised relate to:

- poor patient care
- poor medication practice.

We investigated the issue and the matter was referred to the Fitness to Practise Committee.

We received a further referral about Kelly York on 9 April 2025 raising concerns about poor patient care. We referred this matter to the case examiners and have concluded our investigation into the concerns.

Kelly York accepts the concerns that have been raised about her practice, although says that some specific incidents have been mischaracterised.

No allegation against Kelly York has yet been found substantively proved by one of our statutory committees.

On 8 September 2026 we received an application from Kelly York for agreed removal from the NMC register.

ASSISTANT REGISTRAR'S DECISION

As an Assistant Registrar, I have delegated authority to make decisions about agreed removal and have agreed to removal from the NMC register in this case.

In accordance with Rule 14 of the Nursing and Midwifery Council (Education, Registration and Registration Appeals) Rules 2004, in considering Kelly York's application for agreed removal, I've taken into account:

- comments received from the person who made the allegation against Kelly York
- agreed removal application form dated 8 September 2026 and supporting documents
- documents obtained during the investigation of the concerns
- the interests of Kelly York

- the public interest.

I'm satisfied that:

- Kelly York no longer intends to work as a registered nurse
- the allegations against Kelly York aren't likely to result in a striking-off order
- there are no other good reasons requiring us to consider the allegations further at this time
- the public interest is best served by agreeing the application for removal and enabling Kelly York to leave the NMC register.

We'll publish a record of this decision for twelve months from the date of the decision, **30 September 2026**. In the event that Kelly York seeks readmission to the register, we may consider the matters that led to this agreed removal further.
