# Standards for Student Supervision and Assessment

Dr Jacqui Williams  
Dr Julie Dixon

**NMC** Nursing &  
Midwifery  
Council

## Housekeeping

**NMC** Nursing &  
Midwifery  
Council

- We're recording the session. The link will be sent to everyone after the webinar and posted on our website so you can review content and share with colleagues unable to attend
- Everyone, except the presenters, are automatically muted
- The "raise your hand" feature will not be used today
- Use the "?" feature or speech bubble to submit any questions or comments at any time, including any technical issues you may have
- We've added live-captioning to make our events more accessible
- We can't respond to every question as we have a lot of people signed up today but everything is being captured and noted for consideration.

## Today's panel

**NMC** Nursing &  
Midwifery  
Council

- Jacqui Williams, Senior Midwifery Adviser (NMC)
- Dr Julie Dixon, Nursing Education Adviser (NMC)
  
- Sharleen Nkwo, student nurse, University of Leicester
- Kara Davies, practice supervisor (midwifery), Aneurin Bevan UHB
- Rachael Philips, practice assessor (midwifery), University of South Wales
- Sarah Beresford, academic assessor (nurse), University of Lincolnshire

## Purpose of the SSSA standards

High quality supervision and assessment helps students to meet their distinct standards of proficiency to deliver safe, effective and inclusive care

## Students

- You're empowered to direct your own learning
- You should work with your supervisor to plan the learning experiences you need
- You can be supported by other healthcare professionals
- You should be recognised as a member of the practice team

## Practice supervisors

- You're a role model for safe, effective and inclusive care
- You should use our SSSA to give students the best possible support and feedback on their progress
- Support students to feel like a member of the practice team

## Assessors

- You should use the SSSA to ensure student assessments are evidence-based, robust and objective
- Practice assessors make decisions based on feedback from practice supervisors – they can't be the same person
- Practice and academic assessors work together to decide about student progression

# Panel discussion

## Questions?

## To find out more

To read the standards and find out more, visit

<https://www.nmc.org.uk/student-supervision-assessment>

The webinar will be posted there in the coming days for you to watch back and share with fellow students, colleagues and others

Thank you
