Standards of proficiency for nursing associates

Last Updated: 29/10/2026

The standards of proficiency presented here represent the standards of knowledge and skills that a nursing associate will need to meet in order to be considered by the NMC as capable of safe and effective nursing associate practice. These standards have been designed to apply across all health and care settings.

- About our Standards
- Platform 1: Being an accountable professional
- Platform 2: Promoting health and preventing ill health
- Platform 3: Provide and monitor care
- Platform 4: Working in teams
- Platform 5: Improving safety and quality of care
- Platform 6: Contributing to integrated care
- Annexe A: Communication and relationship management skills
- Annexe B: Procedures to be undertaken by the nursing associate
